British Values

We see British Values as underpinning what it is to be a citizen in a modern and diverse Britain. They allow us to create environments free from discrimination, intolerance and hate. They help us to challenge prejudice and stereotyping, whilst strengthening relationships within the community.

As well as actively promoting these values to our pupils, we also work hard to embed them into student work across all curriculum areas. This ensures our students understand the importance of respect, so they can leave the College fully prepared to live and work in modern Britain as responsible citizens.

British Values are defined as the following:

Democracy

A culture built upon freedom and equality, where everyone is aware of their rights and responsibilities.

The rule of law

The need for rules to make a happy, safe and secure environment to live and work.

Individual liberty

Protection of your rights and the rights of others around you.

Mutual respect & tolerance of different faiths and beliefs

Understanding that we all don't share the same beliefs and values. Respecting those values, ideas and beliefs of others whilst not imposing our own onto them.
