

Pupil Premium Strategy Statement

Pinehurst Primary School

Pinehurst Avenue, Anfield, Liverpool, L4 7UF

This statement details our school's use of pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year, and the effect that last year's spending of pupil premium had within our school.

School Overview

Detail	Data
School name	Pinehurst Primary School
Number of pupils in school	404 (including Nursery) 363 (Reception – Y6)
Proportion (%) of pupil premium eligible pupils	237 (including Nursery) 58.7% 219 (Reception – Y6) 60.3%
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2021-22 to 2024-25
Date this statement was published	December 2021
Date on which it will be reviewed	December 2022
Statement authorised by (Headteacher)	Miss. Katy Morris
Pupil Premium Lead	Ms. Anna MacDiarmid
Governor Leads	Mrs. June Simm Mrs. Lesley Roach

Funding Overview

Detail	Amount
Pupil premium funding allocation this academic year	£367,922
Recovery premium funding allocation this academic year	£18,705
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year	£386,627

Part A: Pupil Premium Strategy Plan

Statement of Intent

At **Pinehurst Primary School** we live by our school motto: *Experience, Excel and Enjoy*. Our Pupil Premium Strategy Statement underpins our 'Achievement for All' agenda.

We target the use of Pupil Premium Grant funding to ensure that our disadvantaged pupils receive the highest quality of education to enable them to become active, independent, socially-responsible citizens of the future. We recognise that disadvantaged children can face a wide range of barriers which may impact on their learning.

Our intention is that **all** pupils, irrespective of their background or the challenges they face, make good progress and achieve high attainment across all subject areas. The focus of our pupil premium strategy is to support disadvantaged pupils to achieve that goal, including progress for those who are already high attainers.

We will consider the challenges faced by vulnerable pupils, such as those who have a social worker and young carers. The activity we have outlined in this statement is also intended to support their needs, regardless of whether they are disadvantaged or not.

We ultimately endeavour to improve the self-belief, motivation and aspiration of **all** pupils. We are constantly striving to improve the standards of teaching and learning in order to accelerate progress by delivering Quality First Teaching. This is proven to have the greatest impact on closing the disadvantage attainment gap and at the same time will benefit the non-disadvantaged pupils in our school.

Our pupils receive high quality interventions and personalised provision to support them at our school. We liaise closely with our families and the local community to foster an invested interest in our school and to create a collaborative ethos with strong home-school connections.

Our Context

- IDACI Decile 1.2 indicates the school is in the highest 10% level of deprivation.
- 58.7% of pupils are eligible for Pupil Premium Funding in comparison to 23% national.

Whole-School Objectives

- Remove barriers to learning created by poverty, family circumstance, and background, focusing on **achievement for all**.
- Narrow the attainment gaps between disadvantaged pupils and their non-disadvantaged counterparts both within school and nationally.
- Ensure **all** pupils are able to read fluently and with good understanding to enable them to access the breadth of the curriculum.
- Develop pupils' confidence in their ability to communicate effectively in a wide range of contexts.

- Promote good attendance, and liaise closely with families to foster good collaborative relationships.
- Enable pupils to look after their social and emotional wellbeing and to develop resilience in order to improve their self-motivation and aspiration.
- Access a wide range of opportunities to enhance their knowledge and understanding of the world.

Achieving Our Objectives

In order to achieve our objectives and overcome identified barriers to learning we will:

- Provide all teachers and support staff with high-quality CPD to ensure that all pupils access effective [Quality First Teaching](#) through our 'Achievement for All' agenda.
- Provide targeted intervention to quickly address identified gaps in learning including the use of small group work and 1:1 support.
- Use of qualified tutors from [Tutor Trust](#) to deliver targeted support and intervention in Years 5 and 6, as supported by the [EEF](#) and [National Tutoring Programme](#).
- Appoint an [Academic Mentor](#) to further enhance and support the catch-up of our disadvantaged pupils.
- Provide opportunities for all pupils to participate in enrichment activities including sport and music, trips, residential visits, and other first-hand learning experiences.
- Provide appropriate nurture support to enable pupils to access learning within and beyond the classroom, and to support with social and emotional wellbeing.

This is not an exhaustive list and strategies will change and develop based on the needs of individuals.

Key Principals

We will ensure that effective teaching, learning, and assessment meets the needs of all pupils through the rigorous analysis of data. Class teachers will identify through the Class Pupil Premium Lists specific intervention and support for individual pupils, which will be reviewed at least termly. Alongside academic support, we will ensure that those pupils with social, emotional and mental health needs will have access to appropriate high-quality provision.

Our approach will be responsive to common challenges and individual needs, rooted in robust diagnostic assessment, and not assumptions about the impact of disadvantage. The approaches we have adopted complement each other to help pupils excel and achieve.

Disadvantaged pupil progress scores for last academic year available (2018-19)

Measure (39 pupils)	Score
Reading	-0.1
Writing	0.9
Mathematics	-0.6

Disadvantaged pupil performance overview for last academic year available (2018- 19)

Measure (39 pupils)	Score
Meeting expected standard in RWM at KS2	26%
Achieving high standard in RWM at KS2	3%
Average score in Reading	99
Average score in Mathematics	100

Challenges

This details key challenges to achievement we have identified among our disadvantaged pupils.

Challenge Number	Detail of Challenge
1	<p>Social, Emotional, and Mental Health</p> <ul style="list-style-type: none"> • Raising the SEMH, self-belief, motivation, and aspirations of individual pupils. • Social interactions having a detrimental effect on ability to engage in school for some pupils. • Our assessments (including Pupil Voice Survey – October 2021), observations, and discussions with pupils and families have identified social and emotional issues for many pupils, notably due to challenges presented by lockdowns, and a lack of enrichment opportunities during school closure. These challenges particularly affect disadvantaged pupils, including their attainment. • Our assessments and observations indicate that the education and wellbeing of many of our disadvantaged pupils have been impacted by partial school closures to a greater extent than for other pupils. These findings are supported by national studies.

	<ul style="list-style-type: none"> • Teacher referrals for support have markedly increased during the pandemic. 13 pupils (85% of whom are disadvantaged) currently require additional support with social and emotional needs. • Mental health and wellbeing is Priority 1 on Liverpool City Council's Education Improvement Plan. • Priority 5 on the plan focuses on the aspiration and future employment of the city's children and young people.
2	<p>Speech, Language, and Communication</p> <ul style="list-style-type: none"> • Very low language skills on entry to school and limited range of vocabulary in all areas of the curriculum. • Assessments, observations, and discussions with pupils indicate underdeveloped oral language skills and vocabulary gaps among many disadvantaged pupils. These are evident from Reception through to KS2 and in general, are more prevalent among our disadvantaged pupils than their peers. • Liverpool City Council's Education Improvement Plan Priority 2 states schools will 'ensure children and young people access a curriculum that allows them to acquire the necessary oracy, fluency and comprehension in reading'.
3	<p>Phonics</p> <ul style="list-style-type: none"> • Whole-school target to improve standards of teaching, learning, achievement and progress in Phonics. • Year 2 children at Pinehurst (2021-22 school year) passed the PSC 69% compared to 91% nationally (2018-19 end of school year). 63% of these children were disadvantaged. • We focus on the precision of intervention support for individual needs. • Assessments, observations, and discussions with pupils suggest disadvantaged pupils generally have greater difficulties with phonics than their peers. This negatively impacts their development as readers. • Liverpool City Council's Education Improvement Plan Priority 2 states schools will 'ensure children and young people access a curriculum that allows them to acquire the necessary oracy, fluency and comprehension in reading'.
4	<p>Reading and Writing</p> <ul style="list-style-type: none"> • Whole-school target to improve standards of teaching, learning, achievement and progress. • We focus on the precision of intervention support for individual needs. • Our assessments and observations indicate that the education of many of our disadvantaged pupils have been impacted by partial school closures to a greater extent than for other pupils. These findings are supported by national studies. This has resulted in significant knowledge gaps leading to pupils falling further behind age-related expectations. • Liverpool City Council's Education Improvement Plan Priority 2 states schools will 'ensure children and young people access a curriculum that allows them to acquire the necessary oracy, fluency and comprehension in reading'.

	<ul style="list-style-type: none"> • Through our 'Achievement for All' agenda, we plan to enlist the support of an academic mentor/tutor via the National Tutoring Programme. We are also using the Catch-Up materials during interventions from SIL. • We are part of a reading project*
4	<p>Mathematics</p> <ul style="list-style-type: none"> • Whole-school target to improve standards of teaching, learning, achievement and progress. • We focus on the precision of intervention support for individual needs. • Our assessments and observations indicate that the education of many of our disadvantaged pupils have been impacted by partial school closures to a greater extent than for other pupils. These findings are supported by national studies. This has resulted in significant knowledge gaps leading to pupils falling further behind age-related expectations. • Through our 'Achievement for All' agenda, we plan to enlist the support of an academic mentor/tutor via the National Tutoring Programme. We are also using the Catch-Up materials during interventions from SIL.
5	<p>Attendance and Punctuality</p> <ul style="list-style-type: none"> • Poor attendance and limited support from some parents / carers to help child improve attendance and punctuality. • Our attendance data over the last 4 years indicates that attendance among disadvantaged pupils has been between 1.38 – 3.64% lower than for non-disadvantaged pupils. • Our assessments and observations indicate that absenteeism is negatively impacting disadvantaged pupils' progress.
6	<p>Other Barriers to Learning (SEND)</p> <ul style="list-style-type: none"> • Our assessments (including Pupil Voice Survey – October 2021), observations, and discussions with pupils and families have identified social and emotional issues for many pupils, notably due to challenges presented by lockdowns, and a lack of enrichment opportunities during school closure. These challenges particularly affect disadvantaged pupils, including their attainment. • Disadvantaged children with SEND can demonstrate significant challenges that require additional support/specific intervention. • Priority 3 on the Liverpool City Council's Education Improvement Plan states that schools will 'ensure that educational establishments are inclusive so as to meet the needs of children and young people with SEND'.

Intended Outcomes

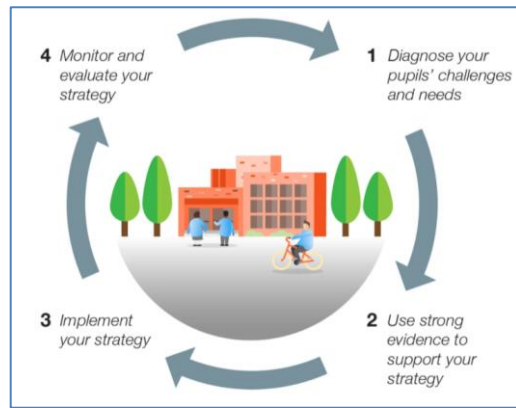

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended Outcome	Success Criteria
<ul style="list-style-type: none"> To achieve and sustain improved wellbeing for all pupils in our school, particularly our disadvantaged pupils. 	<p>Sustained high levels of wellbeing from 2024/25 demonstrated by:</p> <ul style="list-style-type: none"> qualitative data from student voice, student and parent surveys and teacher observations; a significant increase in children able to self-regulate and articulate their feelings and; a significant increase in participation in enrichment activities, particularly among disadvantaged pupils.
<ul style="list-style-type: none"> Improved Phonics and/or Reading skills for PP pupils. 	<ul style="list-style-type: none"> Progress in Phonics and/or Reading shows PP pupils in line with National non-PP. Assessments, observations, and discussions with pupils indicate underdeveloped Phonics and/or Reading skills, oral language skills, and vocabulary gaps among many disadvantaged pupils. These are evident from Reception through to KS2 and in general, are more prevalent among our disadvantaged pupils than their peers. Termly and annual data using INSIGHT to track pupil's progress.
<ul style="list-style-type: none"> Improved outcomes narrowing the gap between Pupil Premium pupils and pupils nationally at end of EYFS, KS1 and KS2. Targeted interventions. 	<ul style="list-style-type: none"> KS2 Reading and Writing outcomes in 2024/25 show that more than 60% of disadvantaged pupils met the expected standard. Progress to show Pupil Premium pupils in-line or with National Non-Pupil Premium. Achieve outcomes in-line with, or above, national average by the end of KS2. Measured termly using internal tracking system (INSIGHT), then annually against National Standards and locality benchmarking.
<ul style="list-style-type: none"> Improved mathematical understanding and attainment for Pupil Premium pupils. 	<ul style="list-style-type: none"> KS2 Maths outcomes in 2024/25 show that more than 60% of disadvantaged pupils met the expected standard.

<ul style="list-style-type: none"> Internal (and external) assessments indicate that Mathematics attainment among disadvantaged pupils is significantly below that of non-disadvantaged pupils. 	<ul style="list-style-type: none"> On entry to Reception class in the our disadvantaged pupils arrive below age-related expectations. This gap remains steady to the end of KS2. Progress to show PP pupils in line with National non-PP. Precision Teaching monitoring records to show pupils' knowledge 'gaps' closing measured by class teachers. Monitoring of Maths No Problem and regular monitoring. Measured termly using internal tracking system (INSIGHT), then annually against National Standards and locality benchmarking.
<ul style="list-style-type: none"> Improved attendance, punctuality and engagement of PP pupils. 	<p>Sustained high attendance from 2024/25 demonstrated by:</p> <ul style="list-style-type: none"> the overall absence rate for all pupils being no more than 97%, and the attendance gap between disadvantaged pupils and their non-disadvantaged peers being reduced by 2.5% and; the percentage of all pupils who are persistently absent being below 10% and the figure among disadvantaged pupils being no more than 2% lower than their peers. Qualitative and quantitative data to show improvements in these areas and attendance data to improve for this group. Attendance support and tracking systems and early intervention. Pinehurst has fully embedded Liverpool Attendance Charter. Successful completion of Attendance Charter Mark.

Total budgeted cost: £361,116.00 (spend)

Part B: Review of outcomes in the previous academic year

Pupil Premium Strategy Outcomes

This details the impact that our pupil premium activity had on pupils in the 2020 to 2021 academic year.

Due to COVID-19, performance measures have not been published for 2020 to 2021, and 2020 to 2021 results will not be used to hold schools to account. Given this, please point to any other pupil evaluations undertaken during the 2020 to 2021 academic year, for example, standardised teacher administered tests or diagnostic assessments such as rubrics or scales.

Key areas of impact:

- 2021 Autumn Term Phonics screening test results 92.7% Year 2 pupils (88% PP pupils) achieved the pass mark.
- 2021 Year 1 Phonics screening teacher assessment PP children: 80% predicted Autumn 2022. Currently 65% on track for all pupils.
- PP attendance figures for end of 2020-2021: 91.44%
- All staff trained in [Restorative Practice](#) to ensure a whole-school consistent approach to conflict resolution.
- Teacher assessed end of KS2 results continue to improve and remain in line with national.

Externally Provided Programmes

Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England.

*In no particular order.
