Summer Holiday Activities

Please continue to visit our website and Twitter feed to find ideas for activities you can complete at home over the 6 week holiday.

There will be a number of different activities, please complete as many as you feel appropriate.

In this pack you will find a:

- Summer News Book
- Magic Maths Book
- Reading Journal
- COVID19 Scrapbook

Please use the news book to share what you have been doing over the Summer. The children may wish to complete a daily or weekly diary.

In your Magic Maths books please practise your basic skills. Number bonds and Times tables would be great to practise each week.

In your Reading Journal you can keep a log of all the books you have read. You may want to write some book reviews or just keep a list. Maybe try printing a photo or drawing a picture of you reading in an unusual place.

Time to get creative in your scrap book. This will record a moment in history. Use this book to share what you have been doing between March and September 2020.

Bring your books along with you in September to show your new class teacher.

Also included is the National Trust's '50 Things to do before you're 11 $\frac{3}{4}$ years old'. How many can you tick off this year?

Please continue to Tweet us @PinehurstP with the hashtag #SummerHolidayAdventures so we know what you are getting up to.

Have a great Summer. See you in September.
